Company	Contact Information	Services Offered
Muck suckers PO Box 311 Wapakoneta, OH 45895	877-772-6825 www.mucksuckers.com	Got Muck? We remove sediment from Private Ponds, Golf Course Ponds, Public Ponds, Retention Ponds, Lakes, Culverts and Springs. Eighteen years of professional experience. We are the <i>original founders</i> of this system with top-of-the-line modified and patented equipment, giving you the best and most economical efficiency. The hydraulic removal of sediments at a cost of up to 75% less than that of mechanical dredging. Pricing to fit your budget needs. No draining of your pond or relocating aquatic life. No mechanical digging which can rupture lined ponds or change existing designs, requiring extensive permitting.
Check out the Website:	pondboss.com	Pond Question and Answer Forum
Texas A & M University website for pond plants identification	aquaplant.tamu.edu	Very good for identification; however remember that Texas has some plants that do not grow in Ohio
ODNR Division of Wildlife Pond Management Handbook	http://wildlife.ohiodnr.gov/species-and-habitats/pond-management	The Ohio Pond Management Handbook is intended for owners of new ponds, owners of old ponds, or landowners who plan to build a pond. Managers of small private lakes will find useful information in this manual as will anglers who wish to be informed on pond management matters.
Ohio State Extension Pond Fact Sheets	Copies available at Crawford Soil and Water Conservation District 3111 State Route 98 Bucyrus Ohio 44820	<ul style="list-style-type: none"> • Pond Measurements, A-2-98 • Controlling Filamentous Algae in Ponds, A-3-09 (pdf only) • Chemical Control of Aquatic Plants, A-4-09 (pdf only) • Winter and Summer Fish Kills in Ponds, A-8-01 (pdf) • Cattail Management, A-11-01 (pdf)
